

School Lunch

School Breakfast & Lunch for 2020-21

ECSD will resume regular in-school meal services for the 2020-21 school year. Meals will no longer be delivered throughout the County. Students participating in Teacher-Delivered Distance Learning will have the option to pick up Grab and Go meal sacks. These Grab and Go sacks will include lunch for the current day and breakfast for the next day.

Meals will be charged in the category your family qualifies for, i.e. free, reduced or paid. You may use a school close to where you live for all school aged children in the household. Parents/guardians will need to pre-order meals by calling the desired school the day before the meals are needed. Your [student's name and school ID number](#) are required to charge your student's meal account.

Regular pick-up is recommended to schedule. The food service specialist at the school will explain the process for picking up meals at the school.

Non-student meals such as adult meals or meals for children who do not attend school can also be ordered. Pricing for these meals is \$3.50 for breakfast and \$4.50 for lunch. Please call Jeneane Warren, Food Services Supervisor, for more information at 687-4905.
